

4 Hour Continuing Education Class

Tuesday, April 29, 2025 • Time: 4:00 p.m. – 8:00 p.m.

Registration begins at 3:15 pm

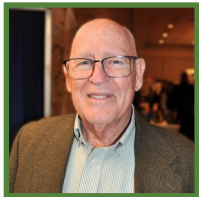

Sponsored & hosted by:

PCA of Greater Chicago • 900 Jorie Blvd., Oak Brook, IL 60523 • Lower-Level Training

Special optional/ Pre-Class Segment

2:00 – 3:00 p.m. Pre-class explanation/introduction of a groundbreaking new useful business tool designed to ensure consistency and accurate (as agreed-to) pricing and invoicing between suppliers and contractors, developed by 3rd Armor founder Paul Raclawski.

Department of Energy Changes to Water Heater Efficiency - Course #750-146-C6 (2-hr. Credit)

Topics Covered: This thorough and informative class aimed at plumbing professionals will examine water heater safety; basic water heater construction and operation; proper installation (including gas and electrical connections); conducting appropriate service and addressing performance problems; considerations regarding sizing, space and venting; achieving customer satisfaction; and more.

Instructor: Ron Carter, RepCo Sales

Primary & Backup Sump Pump Systems- Course #750-109-CI (2-hr. Credit)

Topics Covered: This Illinois CEU course provides an in-depth look at residential pump systems, focusing on critical components that support efficient basement infrastructure. Participants will gain a comprehensive understanding of sump pumps, sewage pumps, and back-up systems, including proper application and installation practices. The course will also cover float switch operations, pipe sizing fundamentals, and best practices for system reliability and code compliance. Designed for professionals seeking to enhance their technical knowledge, this class offers practical insights that can be applied immediately in the field.

Instructor: Paul Raclawski, 3rd Armor, LLC
